Matters Arising

Nil

The Minutes were adopted on the motion of T.Brudenall 2nd R.Stukel **Carried**

Correspondence

1. Temperature and Atmospheric Data Logger: Races 8, 9 and 10. Data interpreted by Bob Stukel. The information obtained showed that the temperature and atmospheric conditions in the transport units during transport and whilst stationary at the race point for these races was excellent.

2. Federation Winner Verifications. The winners of the following Federation Races have been verified:- Narrandera (1), Narrandera (3), Hillston, West Wyalong (2).

3. Cranbourne Centre re clocking extra pigeons in certain races. As this matter fell between Delegates Meetings, it was dealt with by the Executive and permission was granted.

Reports

Liberation Committee

West Wyalong (1). Race changed to Hillston due to adverse weather in the North East for the whole week-end. West Wyalong (3) race changed to Sunday due to adverse weather on the Saturday but suitable weather on the Sunday.

Transport

System is working very well. In these tough times the saving on using one local transport truck for pick-up has been considerable. Transport Officer John Brislin thanked all Centres for their co-operation particularly Cranbourne who are starting and finishing basketting early to allow the truck to get on the road. And again thanks to Sam Spiliopoulos who is doing a terrific job with local transport.

Ring Registry

55 birds reported and owners notified.

Clock Chairman

Could all Centre Clock Chairmen ensure that they are using both the correct ink pads and correct clock rolls in the manual clocks.

General Business

1. Unit Allocation: Ken Crawford spoke on a matter re unit allocation that resulted in issue arising on the night of basketting for the Narrandera (3)/Derby. Transport Officer John Brislin and Ken have discussed the matter and it has been sorted. Members are reminded that the use of one local transport truck means that there is a limit on the number of Units that can be picked up from the Centres so we must attempt to use all available space in each Unit whilst still maintaining the standards of our Code of Conduct.

Meeting closed 8.50pm
